The Best Value In Northern Ontario

Cliff Lake Resorts

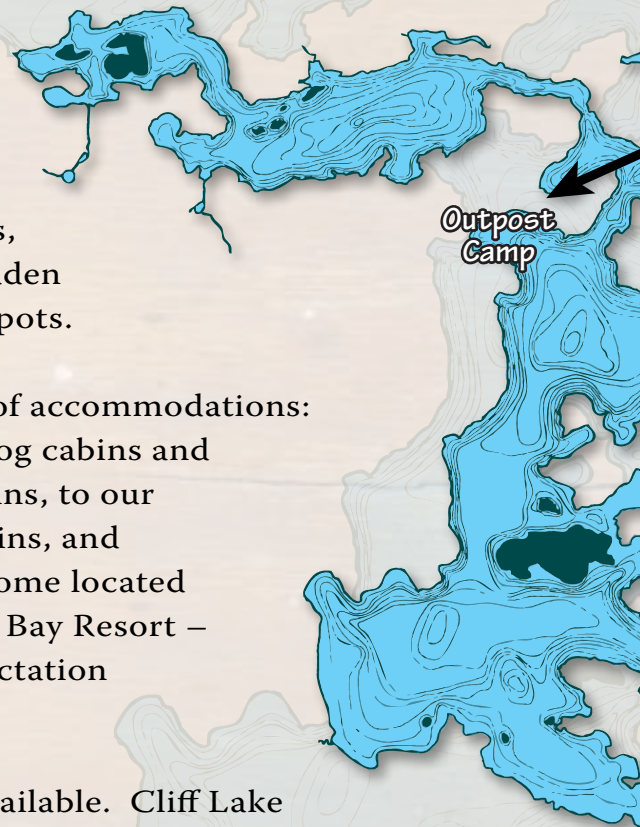

Majestic rock cliffs and the pristine shoreline of Cliff Lake will surround you while you enjoy some of the greatest and affordable fishing available in Northwestern Ontario.

Cliff Lake has the big five: Walleye, Lake Trout, Musky, Smallmouth Bass and Northern – all in abundance.

Fishing pressure is light due to the fact that we're the only outfitter on Cliff Lake. Even during our busiest weeks you'll see few boats, as our guests seek out hidden bays and remote fishing spots.

Our camps offer 4 levels of accommodations: from the rustic Outpost log cabins and moderate Musky Bay cabins, to our modernized Lost Bay cabins, and executive timber frame home located in a secluded part of Lost Bay Resort – something for every expectation and budget.

Special child rates are available. Cliff Lake Outpost Camp is ideal for large groups of fishermen, up to 25 or more with very economical rates.

Great Fishing Anytime

unlimited fishing possibilities

Cliff Lake and Area

Unlimited fishing possibilities regardless of the weather, season or fishing conditions.

Cliff Lake

Cliff Lake is a splendid, complex body of water, primarily clear and deep, but with numerous shallow dark colored bays providing unlimited and unsurpassed fishing possibilities. From the experienced angler looking for a trophy or the amateur looking for a week of relaxation, Cliff Lake can provide this experience. The lake is 5,700 acres and has miles and miles of shoreline, numerous segments, channels and islands. Regardless of wind conditions, there is always a place to fish.

Portage, Cache, and Attached Lakes

Not only does Cliff Lake Resorts boast Cliff Lake fishing, but there are over 3,000 additional acres of water that can be reached via boat, portage, or a short drive, depending on your sense of adventure. Navigable by a creek to three "root beer" colored shallower lakes: Mystery, Evening, and Twilight offer numerous Walleye and Northern Pike opportunities with bonus Musky present. If that adventure isn't enough, we have two portage lakes, and four other cache lakes that can give you a rugged and remote Canadian wilderness fishing experience that you'll never forget.

only one outfitter on the lake

Musky, Walleye, Northern, Lake Trout

Lake Trout

Lake Trout are plentiful in the main bodies of Cliff Lake, varying in depth throughout the season. Lake Trout can be caught trolling with downriggers or jigging in up to 100'. Lake Trout are a double bonus fish, delicious to eat and unrivaled in the fight, if you haven't caught a "Laker" let Cliff Lake provide you this unforgettable experience.

Smallmouth Bass

Regardless of conditions, Smallmouth will be active and ready to bend your pole. Because of Cliff's clarity, you can sight fish "Smallies" on rock bars and fallen trees any time of the year.

Musky

The old saying "a musky is the fish of ten thousand casts" can be disputed when on Cliff Lake waters. Due to light fishing pressure, Cliff Lake's Muskies are not conditioned; they follow more often, which leads to more strikes. Cliff Lake is an excellent lake to take out a novice to get their first or for the true Musky hunter who's looking for a trophy.

Great Fishing Anytime

Small Mouth Bass, White Fish, Perch

Walleye

What Canadian experience would be complete without Walleyes? Cliff Lake's Walleye fishery is steadfastly becoming one of our best kept secrets; from casting shallow water in spring, to jigging deep haunts in the summer, the Walleyes will not disappoint. Trophy Walleye are famous on Cliff Lake; however, with conservation efforts in mind more and more anglers are enjoying several different year classes. And if that's not enough our cache lakes provide steady action throughout the season.

Northern

Cliff Lake's Northern population is steadily growing and in the last couple of years more and more Northern are being seen and caught. For nonstop Northern action head over to the cache lakes, cast the bays and any fishermen will catch their share.

Perch and White Fish

White Fish are a bonus when fishing the depths for Lake Trout, abundant in Cliff Lake they are a great change of pace and delicious in the frying pan. Don't overlook these great fighting sport fish. Speaking of good eating, yellow Perch are also on the menu ... head on over to our cache lakes for a chance to get some jumbos on your stringer.

The Ultimate Wilderness Experience

Lost Bay Resort

Classic Canadian Cabin

Timber Frame Home

Timber Frame Home

Cliff Lake Resorts – The Camps Pick Your Ideal Environment!

Lost Bay Resort:

Lost Bay Resort is just one-third of a mile off the highway; all cabins face the lake and are just a short walk from the dock. Positioned in a quiet bay that provides safe and easy tie-up for your boat with full electricity right on the dock. Lost Bay is second to none in the area; providing clean, quality cabins with the comforts of home.

Executive Timber Frame:

Unsurpassed in Northwestern Ontario, this stylish lodging has all the amenities of a modern home, plus an alluring knotty pine interior with handsome timber frame post and beam constructions.

Nestled in a very private area of the camp, the Timber Frame is situated right on the water and surrounded by Canadian pines and firs. The view is unrivaled – whether enjoying it while lounging on the extra-large deck or inside, viewing it through the two big patio doors facing the lake.

There are six separate beds, five queens, and one single providing a sleeping capacity from six to eleven – if there are couples or children in the group. Equipped with two full baths, a dishwasher, microwave, coffee maker, dishes, cooking utensils, and bed linens, the Executive Timber Frame rental will take your vacation to a whole different level of comfort.

Traditional Canadian Cabins:

One, two, and four bedroom single bath modern cabins are furnished with a variety of double, single, and bunk beds to accommodate up to ten people. Each cabin has a shower, fridge, stove with oven, microwave and coffee maker. Bed linens, dishes and cooking utensils are provided.

Lost Bay is second to none in the area; providing clean, quality cabins with the comforts of home.

Four Varieties of Lodging- Rugged to Luxury

Musky Bay Camp:

Newly opened in 2014. With mere feet between you and the waters of Cliff Lake, you'll have everything you need for an enjoyable and memorable Canadian outing. Musky Bay provides all the amenities you need for your weekly house-keeping fishing camp experience. Homey cabins with indoor plumbing, electricity, and showers. Your cabin will have all the amenities of home, including essentials needed to prepare your own meals, warm blankets and bed linens.

Musky Bay is equipped to handle short-stays, weekly, monthly, or seasonal rentals.

The Outpost Camp:

Reconnect to a simpler life, self-sufficiency and togetherness. Nostalgic wilderness log cabin setting located on the North-western end of Cliff Lake is accessible by vehicle down a private gravel access road or by boat from Lost Bay Resort.

The Outpost Camp's fascinating history dates back to the 1920's when the only way in was thirty plus miles by boat with numerous portages, or by horse and sled over frozen lakes in the winter. Many of the original log buildings are still present; they provide the ambiance that will make your stay at Cliff Lake Resorts Outpost Camp so special.

The camp is equipped with central showers, toilets, and a state-of-the-art, fully remote, quiet, power generator.

Cliff Lake Outpost Camp is an ideal setting for large groups up to 25 or more people.

There are four main one-room cabins that are equipped with stove, refrigerator, sink, dinnerware, cooking utensils, wood stoves for heating and an outside BBQ grill. There is one electrical outlet for charging cameras, cell phones, or other small re-chargeable items. There are also two sleeping cabins available to facilitate larger groups.

The main lodge is equipped with refrigerators, stove and oven, and a common dining area for visiting and sharing your day's catches.
